Questions and Answers

Topic(s) Covered: Part One: About the RFP, section one, 2.12

1. Question: I'm confused by the language in Form 12. What is the role of Workforce Development Boards in the review of plans/proposals and what does the signature of the Board signify?

Answer: It is the intent of the Division that Workforce Development Boards review the proposals/plans for consistency with the Board's established system-wide strategic goals, and that the signature of the Board means that there is that consistency in the plan/proposal reviewed.

Because of the confusion about the language in Form 12, it will be amended.
